Warmly applauded by the 150 delegates at the meeting, representing all parts of the province, Mr. Barrowman warned that a "crisis" was fast developing in Alberta and people everywhere were seeking an alternative to the present provincial government.

The London Observer, after stating that Premier Abernethy's invasion of Saskatchewan in the interests of Social Credit was one of the quaintest electioneering enterprises in the history of the British Empire, says that it "encountered defeat of such a nature that will surely discourage repetition."

United States Administration May Place Surplus Wheat In Export

EVERY MEANS TO HOLD PRICE WILL BE USED

Wheat May Be Sold At Loss In Order To Clear Grain Market

WASHINGTON, June 12.—Agriculture department officials consider it "quite possible" the United States administration will take the initiative in placing surplus United States wheat in export markets rather than depend on regular trade channels to do so.

This possibility was considered, they said Sunday, at a White House conference Saturday at which President Roosevelt directed Agricultural Secretary Wallace and State Department officials to survey the foreign market possibilities.

USE EVERY MEANS
Faced with prospects of a record 1938 United States crop and surplus, the administration intends, these officials said, to use every means to prevent a price collapse. On the basis of latest reports, experts foresee a possible surplus in the United States of 1,200,000,000 bushels, with a surplus above normal domestic and export needs of 450,000,000 to 500,000,000 bushels.

WHILE LOANS
Officials said the administration could take advantage of the forthcoming wheat loan program to facilitate shipments abroad. Wallace has estimated as much as 200,000,000 bushels may be turned over to the government by farmers as collateral for wheat loans.

It would be possible for the government to sell or trade this grain to foreign countries or individual buyers even if it had to take a financial loss, officials said.

MAN FIGHTING DEPORTATION ON FRAUD COUNT

WASHINGTON, June 12.—The United States supreme court received a request Saturday for a ruling on whether conspiracy to defraud is a crime involving "moral turpitude."

John Lawrence Bremer, formerly of Edmonton, fighting deportation to Canada, contended the crime of which he had been convicted before entering the United States was not of sufficient gravity to warrant his deportation.

His petition said that some offenses are of such a base, vile and depraved nature that they necessarily involve moral turpitude.

"The crime of conspiracy," he added, "is one wherein a person may be criminally liable at the same time his conduct would not be such that it would be said to establish moral turpitude."

MAN DANGLES OVER RIVER BY BROKEN LIMB

Section Crew Performs Rescue Risking Flooded Stream

VANCOUVER, June 12.—Quick thinking on the part of a Canadian National Railway section crew near Wolfenden, B.C., east of Kamloops, recently effected an unusual rescue following an accident in which George Pond, pole camp employee, found himself suspended by a broken leg above the flood waters of the North Thompson river.

W. T. Modie, general superintendent of the B.C. district C.N.R., has dispatched a letter to Foreman P. Tremblay, Wolfenden, commending them for a humanitarian act performed at risk to themselves.

Two miles west of Wolfenden is a contractors pole camp where supplies are secured from the railway on the opposite bank by means of a ferry operated on a cable stretched across the river. Pond, in returning to the camp a few days ago, pushed the ferry out into the main stream where the swollen river current caught the craft and lightened the ropes leading it to the cable.

Unknown to Pond had his foot in the cable. When the ferry jerked out he was snugged into mid-air, his leg broken and hanging from it above the river. Although in great pain he managed to grasp the rope and prevented the ferry moving. Camp employees could not reach him and attracted the attention of the Wolfenden railwaymen covering the section in their "sweepers."

Climbing out on the cable Tremblay and Laurent released the man, lowered him to the ferry and got it ashore where they rendered first aid and bound the leg in splints. They then flung a passing freight train whose conductor took Pond to the nearest doctor at Blue River. Pond is now progressing favorably.

CALGARY, June 12.—Brought down by a police bullet, David Walker, 19, alleged driver of a stolen automobile, was in hospital under guard today, while a companion, William Johnson, 20, was in jail charged with theft of the car.

Walker was shot early Sunday morning as he allegedly ran from the car. When he failed to halt at command, Constable J. H. Woods fired, the bullet tearing through Walker's right elbow. Johnson made no attempt to flee from the car.

The elections were the first among the Soviet Union's 11 constituent republics which are replacing central executive committees with supreme soviets, or legislatures.

The supreme soviets of the separate republics are similar to the two-chamber legislature of the Soviet Union for which the first nationwide elections were held last Dec. 15.

There is a single list of candidates of a "party and non-party bloc" in each republic with emphasis laid on getting out the most possible votes.

FORT TOWNSEND, Wash., June 12.—Towering flames roared uncontrolled up precipitous slopes between the Quileine and Little Quileine rivers today, threatening one of the greatest stands of green timber in the world in the virgin Olympic national forest of Washington state.

You're Really Muffin' If You Neglect These

By MRS. GAYNOR MADDOX
Can you cook? Can you make popovers? A thin, crispy crust all around a hollow—that's a popover. Lucy Mary Malby, recipe lecturer, says all seven age girls and boys can be good cooks and have lots of fun in learning to make popovers.

POPOVERS
About 12 of them
One cup flour, 1 teaspoon salt, 1 cup milk, 2 eggs, 1 tablespoon melted butter.
Sift flour once, then measure it, and combine with salt, milk and eggs. Beat mixture rapidly with a rotary egg beater for about 3 minutes. To avoid splattering, take a clean sheet of paper and put it over the top of the mixing bowl. Then cut a slit through which to insert the egg beater.

Add melted butter and beat mixture for about 15 minutes longer. Place 2 tablespoons of the popover batter in each ungreased six-cup custard cup. The popover batter can climb farther up on an ungreased cup than on a greased one. This makes bigger and crispier popovers.
Formerly it was thought that popovers needed to be put in hot, preheated baking cups. Modern experiments have proved this pre-heating of baking cups to be wasted effort.
Bake until the popovers feel crisp and firm while still in the oven. Otherwise they may collapse when taken from the oven. The oven heat may be reduced toward the last of the baking period, if the popovers get too brown before becoming crisp. Time: about 40 minutes of baking. Temperature moderately hot, oven, 400 degrees F.

FANCY POPOVERS
Hot popovers filled with creamed meats or scrambled eggs are unusually tasty as a main luncheon dish.
The crispst of popovers makes attractive salad cases.
Turned of making cream puffs is a touchy job! You can save popovers cut the top part off part-way round, tip the tops back and then fill them with strawberries or other fruit mixed with whipped cream. A delicious dessert.
Always sift flour once before measuring it and always lift it lightly into the measuring cup.

Tomorrow's Menu
BREAKFAST: Stewed cherries, bacon, corned beef, coffee, milk.
LUNCHEON: Peach and peanut salad, French dressing, popovers, tea, milk.
DINNER: Lamb chops, French fried potatoes, peas in cream, asparagus with Hollandaise, strawberry cream pie, coffee, milk.

What To Do

By Phillis Reimont
early summer wedding and I am writing to you to help me plan an attractive color scheme for my dress and flowers. MISS H. J. B. Answer—Generally, the bride decides the style and color of the bride's dress, so they will harmonize with the color scheme and details of the wedding. But if the bride has no general plan, then I would suggest an afternoon dress in steel pins chiffon with a large blue hat and a bouquet of Tokyo roses and blue hydrangeas for a summer wedding. But don't forget that a bride's dress is a garden flower—trimmed hat with an arm-

ful of garden flowers would look as refreshing as a summer breeze. A yellow organdie dress, lavender straw hat and a bouquet of yellow snapdragons and lavender sweet peas is another charming combination. And there's a real charm in a green organdie frock, leghose hat and yellow daisies. So take your choice.

Salada Tea From Coast To Coast
Almost fifty years ago, Peter C. Larkin, founder of the Salada Tea Company, saw a need in this country of finer tea. He worked in the belief that if one were to give highest quality and give it consistently, the average consumer would buy his product continuously. This policy has been rigidly adhered to, even though it may have necessitated at times an increase in price, and, in the long run, has proved sound, for by and large, the average consumer chooses his tea because of its flavor—not its price. From its beautiful factories in Toronto, Montreal and Boston, Salada tea is distributed from Gaspé to Vancouver and from Maine to Wyoming.

Alberta Canned Vegetables Popular
Quality and flavor have secured for the products of the Tabor Canning Co., Limited, wide approval among the housewives of Alberta. This Alberta industry is located at Tabor, Alta., in the center of one of the finest irrigated areas in Canada. It provides a market for the produce from some 3,000 acres annually . . . acres that are cultivated with the same care as the average garden. It is due to this careful cultivation, from seed or seedling to maturity, plus the beautiful sunshine and regulated moisture,

that assures consistent high quality. This quality is carefully retained through modern canning processes to bring you "summer in cans" all year long.
The principal products are peas, beans, corn and pumpkin.
During the operating season the weekly payroll at the plant alone runs between \$5,000 and \$6,000, while growers receive from \$2,500 to \$3,000 per acre.

Since the home of Sunland Biscuits was re-organized under the able management of Mr. J. A. Yankees Shave Off Cleveland Margin By Trimming The Tribe Before 43,702 Fans

CINCINNATI, June 13.—Johnny Vandermeer, 23-year-old Cincinnati southpaw in his first full year in major league baseball, crashed the diamond half of fame Saturday with a no-hit, no-run performance against Boston Bees in a National League baseball game.

Only three Boston batters reached first base, all on walks, and none after that station as the young pitcher from Miami Park, N.J., became the first National League pitcher to throw a no-hit, no-run game over the full nine inning route since Duffie Beane did it back in 1903.

His mates collected six hits off him, but they were all singles. The first, Denny McCarroll, one of them being Ernie Lombardi, seventh homer of the year with a mate on base, and the Reds finished on top 3-0.

Vandermeer retired the first nine men to face him. Grow Moore, 18, came up in the fourth inning, drew a walk, but was out when Johnny Vandermeer found him, and the catcher, kept him to first to complete a double play.

In the fifth, Tony Cuccinello also drew a walk, but was picked off first base on Lombardi's next play, a moment later. In the same frame, Ed English walked with two out, but "Shoe" on first at Johnny Brieder's second out.

CUBS STAND STILL. CHICAGO, June 13.—The second place Chicago Cubs accomplished nothing in their efforts to overtake the double-header as they lost to the New York Yankees, 3-0, in a game which they broke even with Brooklyn, 1-1, before 32,725 fans. Lefty Grove, the first 9-0 and dropping the nightcap 6-0 before a crowd of 27,628.

FIRST GAME. Boston 010 000 000—3 0 1 Cincinnati 000 000 000—0 0 0
Turner, Lanning and Mueller, Weaver, Smith, Caccinello and Lombardi, Deringer and Lombardi.

SECOND GAME. Boston 000 000 000—4 1 0 Cincinnati 101 000 000—1 1 0
Turner, Lanning and Mueller, Weaver, Smith, Caccinello and Lombardi, Deringer and Lombardi.

WINS HIS EIGHTH. PITTSBURGH, June 13.—Given reason to hope by his eight-run victory of the season as Pittsburgh pummeled Philadelphia 11-0, Johnny Rizzo hit a homer with the bases loaded in the first.

A scheduled second contest was called in the second inning as St. Louis ended the season at Philadelphia, 6-0, June 12-13. Pittsburgh 100 000 000—11 0 0
Pascetti, Smith, Weaver, Mueller, Lombardi, Deringer and Lombardi.

Yankees Shave Off Cleveland Margin By Trimming The Tribe Before 43,702 Fans. NEW YORK, June 13.—The Yankees shaved Cleveland Indians' American Baseball League lead to 1½ games by twice coming from behind with homers to beat out the tribe 7-6 before a crowd of 43,702.

Roxie Joe (Flash) Gordon's home run off Bobby Feller's mate on base in the eighth inning was a major factor in the Yankees' victory. Feller was charged with his second defeat of the year.

THINGS GO WILD. WASHINGTON, June 13.—Detroit put on two wild scoring sprees, wiped out an 11-1 Washington lead, and went on to 12-12 win. Reddy York and Charley Gehring hit home runs in the sixth and eighth, during which Detroit scored 10 runs.

A'S COP A COUPLE. PHILADELPHIA, June 13.—Beb Johnson collected his 14th and 15th home runs of the season in the first and fifth innings as the Athletics as the A's won both games of a double header from St. Louis Browns 8-0 and 10-0.
